PAGE 1 / 1

Consistent with our previously submitted Form 99 responses to Requests for Additional Information, this Committee continues to merge contact names within FEC File, at a rate of 1 per 10 minutes, which is resolving a significant amount of "missing information". In addition to having requested occupation and employer information of donors in the past, we have since conducted two separate emails to all non-reporting donors to request this information, and intend to conduct further requests once the merge of names is complete. We anticipate providing a further update soon.
